## A Word to Gardeners and Farmers

Our stock is selected with the greatest possible care, both to trueness of variety and germination test. And while in common with other seedmen, we cannot guarantee the resulting crop, our customers may rest assured that we will exert every effort to get the most pure and best seed obtainable for our stock. Our nearness to you makes both for the personal desire to please customers whom we know and often meet, and convenience to you in ordering and quick delivery. We maintain for the entire San Juan Basin a retail service where a welcome awaits you. We invite you to our stores whether you buy or not. Perhaps we can offer some profitable suggestions in going over your gardening or farming problems.
